Professional Summary

Computer Science & Engineering (AI & ML) undergraduate with hands-on experience in Python, SQL, data analysis, web development, and machine learning. Experienced in data preprocessing, exploratory data analysis, visualization, and developing practical software applications through internships and projects.

Education

Sitamarhi Institute of Technology — *Sitamarhi, Bihar*

B.Tech. in Computer Science & Engineering (Artificial Intelligence & Machine Learning) | *2023 – Present (CGPA:8.07/10)*

Experience

Data Science Intern — *Intellio Intern Pvt. Ltd***.** | *Mar 2026 – May 2026*

- Cleaned and preprocessed datasets using **Python, Pandas, and NumPy**, and performed exploratory data analysis to identify trends and patterns.
- Created data visualizations and analytical reports using **Matplotlib**, and used **SQL** to retrieve, filter, and analyze structured data.
- Applied basic **machine learning techniques** and developed Python scripts to automate data-cleaning and data-processing workflows.

Web Development Intern — *AndroWebsTech Pvt. Ltd***.** | *Jun 2025 – Jun 2025*

- Developed responsive web pages using **HTML, CSS, Bootstrap, and PHP**.
- Built reusable web components and improved website functionality and responsiveness.
- Debugged application issues and collaborated with the development team during testing and deployment.

Projects

E-commerce Website | HTML | CSS | JavaScript | Bootstrap | MySQL

- Developed a responsive e-commerce website with a product-focused interface and user-friendly navigation.
- Implemented reusable front-end components and responsive layouts using **HTML, CSS, JavaScript, and Bootstrap**.
- Integrated **PHP and MySQL** for backend functionality and database-driven operations.

***Live Project*: https://itssachinjha.github.io/QuickCart/**

Fitness AI — Ongoing | Python | AI/ML

- Developing an AI-based application focused on **personalized fitness solutions**.
- Working on **AI integration and software development** for intelligent fitness-related features.
- Designing, implementing, and testing application features using **Python and AI/ML techniques**.

Technical Skills

- **Programming Languages:** C, C++, Python, JavaScript, SQL, PHP
- **Data Science & ML:** Pandas, NumPy, Matplotlib, Machine Learning
- **Web Development:** HTML5, CSS3, Bootstrap, React.js, FastAPI, Tailwind CSS
- **Databases:** MySQL
- **Tools:** Git, GitHub, VS Code, Streamlit, Jupyter Notebook
- **Core CS:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering

Certifications

- **eLSI: Basics of Embedded Systems and Robotics —** *IIT Bombay, e-Yantra | Certificate of Merit, 99/100 | 2026*
- **NPTEL — Cloud Computing |** *2026*
- **NPTEL — Internet of Things (IoT) |** *2025*
- **Data Science Internship Certificate** — *Intellio Intern Pvt. Ltd. | 2026*
- **Web Development Internship Certificate** — *AndroWebsTech Pvt. Ltd. | 2025*

Achievements & Leadership

- **Core Management Committee Member — SIT TECH_KRITI**, Sitamarhi Institute of Technology — Selected among the **Top 7 management committee members** for coordinating and managing the college technical fest.
